Appropriateness of site	4	
Financial capacity (new libraries only)		yes

Non-Evaluative Comments

The current public library in Antioch, built in 1968 will not be replaced but will continue to serve the northern portion of the community after the new library is built. The Bond Act Application Form asks for the square footage and dates of construction and renovation for library buildings that will be replaced or improved. Because the current library will continue to operate, the applicant has not completed those sections in the Application Form, and it is considered to have no existing library.
